

WHY GET VACCINATED?

1

Vaccinations are our best defense to combat COVID-19 and keep our community safe. Officers and supervisees have a high risk of exposure.

2

Being vaccinated will assist you in obtaining and maintaining gainful employment. Some employers are even offering incentives to those who receive the vaccine.

3

Fully vaccinated individuals have the freedom to engage in prosocial relationships, and attend outings with friends and family.

TAKE THE INITIATIVE!

We support and encourage **YOU**, **your family**, and **friends** to get vaccinated!
